

Uintah County

Job Description

Title:	Deputy Building Official	Code:	220
Division:	Building	Effective Date:	6/11
Department:	Building/Planning/Zoning	Last Revised:	6/11
FLSA Cat:	Non-Exempt	Pay Grade:	34

GENERAL PURPOSE

Performs a variety of **first-line supervisory, professional and technical duties** as needed to plan, organize, direct and coordinate the daily operation of the building inspection function; assures compliance with county, state and/or federal uniform building, electrical, plumbing, mechanical codes and ordinances. Performs inspections on residential, commercial and industrial buildings.

SUPERVISION RECEIVED

Works under the general supervision of the Building Official.

SUPERVISION EXERCISED

Provides general supervision to Building Inspector(s) III, II, I and assigned clerical support staff.

ESSENTIAL FUNCTIONS

Assists in planning, organizing and directing the overall activity of the building inspection division; manages the day to day administrative requirements of the division; coordinates scheduling of inspections in all phases of construction, alterations and repairs to assure adherence to Uniform Codes, plans, and specifications.

Participates in the development and maintenance of the model codes adopted by the county on the local, state and national level; serves as the subject matter expert pertaining to building code enforcement.

Participates in the departmental decision making processes; develops, implements, evaluates and revises division policies, practices, priorities, methods and procedures in order to improve uniformity, fairness, accuracy and efficiency of code interpretations and enforcement.

Assists in the supervision of department personnel; delegates staff assignments and monitors work quality, assures standards of performance; provides input for performance plans and performance evaluations; makes recommendations affecting employee retention and advancement; prepares product research reports; develops, initiates, coordinates and delivers training programs, seminars, etc., to division personnel, contractors, architects, builders, engineers and code officials as needed to upgrade professionalism and assure quality and efficiency in the construction review and inspection process.

Gives input regarding code interpretation and enforcement and assists in the negotiations of alternatives within provisions of the applicable codes; coordinates board of appeals proceedings as needed; attends various board and public meetings as needed to communicate division activity and to advise on issues affecting building activities within the county.

Conducts pre-project processes and may coordinate the preparation of various drafts of project documents and specifications; advises architects, engineers, contractors and owners on code and design requirements.

Assists in the development and implementation of procedures for processing permit applications; coordinates the issuing of permits for building, plumbing, electrical, sewer, water, heating, cooling and other construction phases as required by law.

Coordinates division research activities; reviews professional reports and journals to determine changes and trends in the industry; develops alternatives in policies, standards, ordinances and regulatory activities based upon findings; investigates complaint and coordinates with legal advisors as needed; offers testimony in court as needed to defend and support county code enforcement decisions.

Performs complex and detailed plan checks of major projects; researches and reviews proposed building plans to assure compliance with county ordinances, uniform building and safety codes; refers plans to other agencies for further research as necessary.

Performs or supervises the more technical and comprehensive inspections of industrial or commercial building and construction activities within the County; may routinely inspect building excavation, foundation, framing of walls, floors, structural elements, rated assemblies, fire dampers, smoke evacuation systems, air and vapor barriers, handicapped facilities, truss structures, etc.; may also inspect curbs, gutters, backfill, sidewalks, driveways and other site improvements.

Performs related duties as required.

MINIMUM QUALIFICATIONS

1. Education and Experience:

A. Graduation from high school, plus, Two (2) years of specialized training in building methods and practices related to commercial, industrial and residential structures provided through technical college , professional workshops or university studies;
