

Construction Notice
SR 121; MP 31.2-32.90& MP 1.61-15.36
Road Construction Project
Work to begin July 17th

- Burdick Materials has contracted with Utah Department of Transportation to repair 2 areas of SR 121 in Duchesne and Uintah Counties. Work will include milling, paving and a microsurface. The intersection at the Neola store will be completely reconstructed.
- The first section includes east of the Neola store intersection to the Whiterocks Hwy and south of the Neola store intersection to the bridge by the Gorky Park road in Roosevelt. The second section will be on the Lapoint Hwy west of Maeser.
- Please expect up to 10 minute delays due to lane closures. Please find an alternate route if possible. **There will be equipment and crews out on the road please drive with caution and watch closely for our workers.**
- Thank you for your cooperation and patience. If you have any questions, please contact our office at the number below or email grace.freston@burdickmaterials.com. Please also like our Burdick Materials Facebook page for any updates.
